## Dr Carina Lämmle

**Patent Attorney Trainee**  
**Chemist**

Carina is a patent attorney trainee at Maiwald. Her work focuses mainly on intellectual property protection in the fields of chemistry and pharmacy. In the framework of her doctoral studies, she developed molecular probes for visualising biological processes in fluorescence microscopy. These probes can be used, for example, in virological research on retroviruses. Her main areas of specialisation were nucleic acid and fluorophore chemistry. For this research, she received a doctoral scholarship from the Boehringer Ingelheim Fonds.

### CAREER

---

since 2022	Patent attorney trainee at Maiwald
2018 - 2021	Research Associate at the Max Planck Institute for Medical Research Department of Chemical Biology in Heidelberg

### EDUCATION

---

since 2022	Studies law for patent attorneys at the University of Hagen
since 2018	Doctorate in the field of biological chemistry at the Ruprechts-Karls-University of Heidelberg (carried out at the Max-Planck-Institute for Medical Research)
2013 - 2018	Bachelor's and master's degree in chemistry at the Technical University of Munich and at Uppsala University in Sweden

### PRACTICE AREAS

---

- Pharma & Biotech
- Organic Chemistry & Polymers
- Patents & Utility Models

## SERVICES

---

- Patent examination proceedings and portfolio management
- Application strategies and drafting of patent applications
- Freedom-to-operate- and validity opinions
- Opposition and nullity proceedings

## PUBLICATIONS

---

- Interview zum Welttag des geistigen Eigentums, 2022

## LANGUAGES

---

- German
- English
