

Dr. Daniel Baier

Patent Attorney Trainee

M. Eng. Production and Automation

Ingénieur Diplômé (EPF)

Daniel Baier is a patent attorney trainee at Maiwald. His work focuses on the protection of intellectual property in the fields of automotive engineering and mechanical and plant engineering.

As a research associate while carrying out his doctoral studies he worked in the area of additive manufacturing technologies for industrial application. Daniel Baier is first and co-author of several scientific publications in the field. He has presented some of his research results at national and international conferences, including in Switzerland and the USA.
