Dr. Quirin Spiller

Associate

German Patent Attorney

Mechanical Engineer

Quirin is a patent attorney at Maiwald. He has experience in the areas of machine tools, production technology and additive manufacturing. Among his core areas are writing patent applications and advising clients in examination proceedings. During his doctoral studies at the wbk Institut für Produktionstechnik of the Karlsruhe Institute of Technology he worked on research and development of an additive manufacturing process to produce metal components. He also conducted research in the fields of machine tools, metal injection molding and stamping and deep drawing of green foils.
